

**UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF TEXAS**

**INTRODUCING ONLINE CREDIT CARD PAYMENT
OF APPEAL FEES
EFFECTIVE 04/01/07**

The Northern District of Texas is pleased to announce the implementation of online payment of appeal fees. Effective April 1, 2007, two docketing events in both Civil and Criminal cases will prompt for online payment of electronic filing fees via CM/ECF. These events are:

- Notice of Appeal
- Interlocutory Notice of Appeal

This credit card payment module is designed for attorney filers to pay filing fees interactively as part of the electronic case filing (ECF) process via the internet to the U.S. Treasury. Upon successful electronic submission of a document requiring a filing fee, the attorney filer is prompted to pay for the transaction.

You may elect to receive e-mail confirmation of your payment and send courtesy copies of the payment confirmation. You may also use one of the following reports from the Utilities menu in CM/ECF to verify filing fee payments:

- View Your Transaction Log
- Internet Payment History
